SEED DISTRIBUTION.

System in His Department.

Washington, April 10. Secretary of Agriculture Wilson has initiated a new system of seed distribution in his department. His aim is to diversify, so far as possible, the farm products of the country, and to this end he is making a specialty of select-ing new and valuable seeds from parts of the world and ull putting them in the hands of farmers likely to use them, to advantage. He has begun the work with sugar-beets and leguminous plants of all sorts. While sugar-beets are now widely cultivated in the west, the best seed at present comes from abroad. A large supply of these high grade seeds has been ordered and will be judiciously distributed.

ALL ONE CAUSE.

Miss Frances Willard Responds to a Call From Lady Henry Somerset.

CHICAGO, April 10.-Lady Henry Som-erset has cabled Miss Frances Willard, president of the W. C. T. U., asking that \$1,500 be spent for white ribbon nurses in Crete as the need there surgent and enough money has been sent in to support the Armenian orphans for three years. In the exigency Miss Willard cabled dence that no corn can be raised on consent. "Feeling that it is all one cause of suffering Christians slain by Moslem's swords, and the hideousness of the situation is incalculably magnified because English bullets are helping in the slaughter of the Christians."

The Wonderful Kava-Kava Shrub. A New Botanical Discovery.-Of Special Interest to Sufferers from Diseases of the Kidneys or Bladder Rheumatism, etc.—A Blessing

to Humanity. A Free Gift of Great Value to You. Our readers will be glad to know that the new botanical discovery, Alkavis, from the wonderful Kava-Kava shrub has proved an assured cure for all dis

eases caused by Uric acid in the blood, or by disordered action of the Kidneys or urinary organs. The Kava Kava Shrub, or as botanists call it. Piper Methysticum, grows on the hankes of the County of the county of the county or as botanists call it.

it. Piper Methys-ticum, grows on the banks of the Ganges river, East India, THE KAVA-KAVA SHEUR and probably was (Piper Methysticum.) used for centuries by the natives before its extraordinary properties became known to civilization through Christian missionaries. In this respect it resembles the discovery

of quinine from the peruvian bark, made known by the Indians to the early Jesuit missionaries in South America, and by them brought to civilized man. It is a wonderful discovery, with a record of 1200 hospital cures in 30 days. It acts directly upon the blood and kidneys, and is a true specific, just as quinine is in malaria. We have the strongest testimony of many ministers of the gospel, well known doctors and business

est testimony of many ministers of the gospel, well known doctors and business men cured by Alkavis, when all other remedies had failed.

In the New York Weekly World of Sept. 10th, the testimony of Rev. W. B. Moore, D. D., of Washington, D. C. was given, describing his years of suffering from Kidney disease and Rheumatism, and his rapid cure by Alkavis. Rev. Thomas Smith, the Methodist minister at Cobden, Illinois, passed nearly one hundred gravel stones after two weeks' use of Alkavis. Rev. John H. Watson, of Sunset. Texas, a minister of the gospel of thrity years' service, was struck down at his post of duty by Kidney disease. After hovering between life and death for two months, and all his doctors having failed, he took Alkavis, and was completely restored to health and strength, and is fulfilling his dutiesas minister of the gospel. Mr. R. C. Wood, a prominent attorney of Lowell. Indiana, was cured of Rheumatism, Kidney and Bladder disease of ten years standing, by Alkavis. Mr. Wood describes himself as being in constant missery, often compelled to rise ten times during the night on account of weakness of the badder. He was treated by all his home physicians without the least length and finally completely cured in a few weeks by Alkavis. The testimony is undoubted and really wonderful. Mrs lames Young of Kent, Ohio, writes that she had tried six doctors in vain, that she was about to give up in despair, when she found alkavis and was promptly cured of kidney disease and restored to health. Many other ladies also testify to the wonderful containe powers of Alkavis in the various distributions of the Church Kidney Cure Com-

pany, No. 412 Fourth, Avenue, New York, are the only importers of this new remedy, and they are so anxious to prove its value that for the sake of introduction they will send a free treatment of Alkavis prepaid by mail to every reader of this paper who is a Sufferer from any form of Kidney or Bladder disorder, Bright's Disease, Rheuma tism, Dropsy, Gravel, Pain in Back, Female Complaints, or other affliction due to improper action of the Kidneys or Urinary Organs. We advise all Suf-erers to send their names and address to the company, and receive the Alkavis free. It is sent to you entirely free, to prove its wonderful curative powers.

A wise man can learn something worth knowing from a fool, but a fool is made all the more a fool by going to college. Ram's Horn.

Optum and Whisky Habits.

Opium and Whisky Habits.

The letter quoted below, written March 23, 1896, by the editor and manager of the Sheffield, Ala., Standard, leaves no room to doubt that a successful treatment for the care of the liquor habit exists:

"Dr. R. M. Woolley, Atlanta, Ga.; Your antidote for the liquor habit will do all you claim for it. After drinking whisky for more than twenty years I had myself entirely relieved of the accursed appetite through the use of three bottles of your medicine. It is absolutely a specific for the liquor habit, and leaves no bad effects.

"E. M. RAGLAND."

Shinuston, W. Va.,—Dr. B. M. Woolley, Atlanta, Ga.; I have been cured, or quit taking the antidote nineteen months, and never had any call for opium after taking the first dose of your Autidote. You wanted to know if you might use my letter. Yes, and my name, also, Any one may write to use if they wish to know of my cure or a k any questions as to the efficacy of the Autidote, and if they enclose stamp I will answer.

close stamp I will answer.
